Value Through Knowledge

Key findings

X8 institutions, with several units each, participated in the evaluation and received an institutional score

All institutions score 3–4 (good to very good)

Strong performers:

Broad research portfolios

Strong infrastructure

Active in international networks

Types of Institutional Profiles

Research-intensive universities

- Multiple high-performing units
- Strong international visibility
- Broad disciplinary coverage

Applied / regional institutions

- Strong societal & economic impact
- Research aligned with regional needs
- Smaller research scale
- Sometimes combination of strong and moderate units

Key Strengths Across Institutions

Improved research infrastructure

Growing international collaboration

Strong societal and economic impact

Increasing doctoral training capacity

Clear alignment with national priorities (RIS3)

Key Challenges
