Ministry of Education and Science
 Republic of Latvia

research
 Latvia

Value Through Knowledge

FIELD SNAPSHOT

 Strong links to **healthcare and public policy**

Presence of **internationally leading** institutes

OVERALL PERFORMANCE

High and improving performance

Several units at the **international level**

RESEARCH QUALITY

Improving publication quality

 Strong **doctoral training**

IMPACT ON SCIENTIFIC DISCIPLINE

Increasing international visibility

 Participation in **global collaborations**

ECONOMIC IMPACT

Strong relevance to the healthcare system

Links to **innovation and pharma**

SOCIAL IMPACT

Direct impact on **public health**

 Strong **policy relevance**

INFRASTRUCTURE & ENVIRONMENT

Good infrastructure

Important reforms and institutional consolidation

Challenges in hospital research integration

DEVELOPMENT POTENTIAL

Strong future trajectory

Needs **better coordination** between institutions, especially the university-hospital

FUTURE DIRECTIONS

Strengthen clinical research links

Improve research governance
