

Research Infrastructures

Published: 13.01.2021.

Since 2016 Latvia has joined [European Strategy Forum on Research Infrastructures \(ESFRI\)](#)

Latvian research institutions are members in 7 European Research Infrastructure Consortiums (ERIC) and an upcoming partner in 1 ERIC that are all included in the [ESFRI Road map](#):

BBMRI-ERIC (Biobanking and Biomolecular Resources Research Infrastructure)

Contact point in Latvia - [Latvian Biomedical Research and Study Centre](#)

INSTRUCT-ERIC (Europe's research hub for structural biology)

Contact point in Latvia - [Latvian Biomedical Research and Study Centre](#), [Latvian Institute of Organic Synthesis](#) and [Rīga Stradiņš University](#)

EU-OPENSREEN-ERIC (European Infrastructure of Open Screening Platforms for Chemical Biology)

Contact point in Latvia - [Latvian Institute of Organic Synthesis](#)

EATRIS-ERIC (European Advanced Translational Research Infrastructure in Medicine)

Contact point in Latvia - [Rīga Stradiņš University](#)

JIV-ERIC (Joint Institute for Very Long Baseline Interferometry in Europe)

Contact point in Latvia - [Engineering Research Institute Ventspils International Radio Astronomy Centre of Ventspils University of Applied Sciences](#)

CLARIN-ERIC (Common Language Resources and Technology Infrastructure)

Contact point in Latvia - [The Institute of Mathematics and Computer Science, University of Latvia](#)

ESS-ERIC (European Social Survey) –

Contact point in Latvia - [Institute of Philosophy and Sociology of University of Latvia](#)

MIRRI (Microbial Resource Research Infrastructure)

Contact point in Latvia - [University of Latvia](#)
