

PRACTICAL INFORMATION

March 30, 2017

Riga Technical University, Faculty of Architecture and Urban Planning

About We are delighted to invite researchers, academic personnel, entrepreneurs and other experts related to the **the** “Horizon 2020” programme to a workshop “Widening participation in Horizon 2020: Baltic Sea region on the **event** road towards being the most innovative region in the world”.

The workshop will cover the strategic importance of widening policy, obstacles and improvements regarding “Horizon 2020” programme. Dr. Žilvinas Martinaitis (Visionary analytics, Lithuania), an expert contracted by Ministry of Education and Science, will introduce findings regarding the obstacles to research cooperation and success stories in BSR.

In this document you will find practical information about event as well as practical issues.

Regarding the practical matters, contact:

Ronalds Štrauchs, +371 20046506
