Element descriptions:

Thematic Course on International Relations & SDGs

The Thematic Course on Asia-Europe relations in the context of the Sustainable Development Goals will be conducted by College of Europe in Natolin. Sessions will be joined by experts from the College as well as UN agencies and international organisations, and will entail presentations, discussions and workshops.

The College of Europe, with its two campuses (Bruges, founded in 1949, and [Natolin](#), founded in 1992), is the oldest and Europe's most renowned institute of postgraduate studies and training in European affairs.

Leadership Training on Self, Team & Societal Leadership

The Leadership Training focuses on Self, Team & Societal Leadership and will be conducted by the Center for Creative Leadership (CCL). The training will introduce the concept of leadership through various facilitation formats including role plays, simulations and online games.

The [Center for Creative Leadership](#) (CCL) is a non-profit aimed at creating innovative leadership solutions through trainings and coaching for all levels, as well as research.

Youth Dialogues with Asian/European ASEM Leader

The ASEM Youth Dialogues are virtual sessions that connect young people with ASEM Leaders. In total, four dialogue sessions are currently planned, each welcoming one ASEM Leader. The discussion in each dialogue will focus on one Sustainable Development Goal (either SDG3, 4, 8 or 13). The dialogues will include inspirational remarks by the ASEM leader, followed by a conversation that is moderated by ASEFYLS4 representatives. The audience will be made up of the ~150 ASEFYLS4 participants with the possibility of additional public registration to involve a wider youth community. ASEF will consult the respective Ministries of Foreign Affairs (MFA) and the relevant offices of the Heads of States and Governments to design the exact format and topic of each Dialogue.

Focus Group Session

The ASEFYLS4 Navigators will lead the Focus Group Sessions to help the participants consolidate their learnings on leadership and the SDGs, provide a space for peer-to-peer discussion, and for collaborative exchanges in the preparation for the Leadership in Action phase.

Social Networking

The social networking sessions will be coordinated by the participants for networking, bonding and informal discussions.
